

## THE NEWS FROM THE OLD NORTH STATE AND ITS CAPITAL.

OUR RALEIGH  
NEWS BUDGET

The Republicans Will Organize  
For the Next Election.

## SUMMER LEGISLATURE

That Party Has Several Aspirants for  
the Gubernatorial Nomination—  
State Farm Supervisor Sumnerill  
Satisfied With Legislative Investi-  
gation of His Record—Captain  
Smith Returns From Vacation.

(Special to Virginian-Pilot.)

Raleigh, N. C., August 29.—In an interview to-day Chairman Helton said: Some time this Fall the Republican State Executive Committee will be called together with a view of organizing for the next election. The special election for vacancies in the General Assembly, which the Governor is required to call, will also be considered, as the Legislature adjourned to meet next June, and it is possible that it will remain in session all Summer.

Quite a number of counties will be unrepresented unless the vacancies are filled.

The committee at its next meeting will probably elect a chairman. Some republicans express the opinion that Mr. Helton will be re-elected, while others say a new man will be chosen. The State Chairman said to-day there would be several republican candidates for the nomination for Governor. District Attorney Helton sent out a number of letters to-day to lawyers and others throughout the State. They read as follows: "I am instructed by the Hon. Attorney General of the United States to ascertain, if possible, where the acts of the Legislature of the State prior to 1861 can be found, and the price asked. If you can find any one having these books or any of them for sale, I will appreciate it very much."

The books are wanted for use in the department of justice.

SUMMERRILL SATISFIED.

A letter from Wilson says:

E. L. Summerrill, supervisor of the Northampton State farm, was here to-day. He appears to be quite well satisfied with the investigation and says he has learned something positive in his inquiries. It is the opinion of many in this outside, however, that both unmerited and Dr. Ferguson will be turned down. Captain W. H. Day, superintendent of the penitentiary, was seen by me and asked what he thought of the investigation. He said he would do over it all carefully and would withhold his opinion until everything was made clear. Said he wanted a full and free investigation; that Mr. Summerrill wanted it also, and that the latter would be disposed of, he hoped, to the satisfaction of all.

A DWARF'S FALL.

Raleigh boasts of the smallest man possible in the world—James Edwin Walker, called at his home here yesterday. He was playing on a fire-engine hose and leaped to catch a brass valve to slide down. He missed the valve and fell to the floor. He struck window ledge, which, in a measure, broke his fall, but he is seriously injured. "Hoss" is twenty-eight years old. He is only thirty-eight inches in height and weighs forty-seven pounds. He was born in Burlington, but has lived here from his childhood. He has sister who is also a dwarf. The diminutive people all over the country have tried to get them to travel, even offering them \$100 per week, but they will not go, although their parents are in even worse off. Their parents are of medium size and they have sisters who are well grown women.

HOUSE BURGLARIZED.

Captain William Smith who for years has been in the employment of the Seaboard Air Line, and who has been spending some time in the mountains for his health, returned to find his home had been entered by thieves and many things stolen. Captain Smith is well now in Norfolk.

A BAD DROUGHT.

All sections of the State need rainily, so say the officials in the Agricultural Department. Farmers say that the cotton plants are large, but are not heavily fruited, and the crop is not so good as most people think.

ELIZABETH CITY.

HE NECESSARY'S SUCCESSOR—PERSONAL AND GENERAL.  
(Special to Virginian-Pilot.)

Elizabeth City, N. C., August 29.—A large freight and passenger steamer

Ossoco of the Old Dominion Steamship Company arrived in port yesterday morning to take the place of steamer Neuse, which is aground on the bar.

Now that Mr. Joseph Peichard, who had the contract to move the buildings back on Pender Street, and has completed his job, the next thing that citizens would like to see is the moving of the street before the winter comes on.

Miss Letitia Gray, of Avon, Davie County, is in the city visiting her brother.

Mr. William C. Mercer, one of our best and most popular citizens, is confined to his home, on Elmwood Street, by sickness.

Mrs. F. E. Overman and daughter, Mrs. Ed. Shannon, who have been spending the heated term at Mountain Park, Md., have returned home.

Mr. Jere Connally, post-office inspector, and his family are in the city, have been spending the summer.

Neg's Head and are en route to their home, at Washington, D. C. The steamer McSunitis was sold yesterday and was purchased by the East Coast Cedar Company, for \$1,200.

DENTON.

(Special to Virginian-Pilot.)

Denton, N. C., Aug. 29.—The lawn party on the court green last night was a pleasant and profitable affair.

For violating the law, which says it is unlawful for any one (without business to attend) to loiter around the Norfolk and Southern Railroad station the arrival of trains, seven boys

Shapely  
Married Women

Every woman covets a shapely, pretty figure and many of them deplore the loss of their youthful forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of Mother's Friend. The baby comes as this scientific liniment does not interfere with the symmetry of form. Mother's Friend also obviates all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and a thousand gratefully tell us the great good it has done them.

Our little book telling all about this great remedy, will be sent free to any address by THE BRADFFIELD REGULATOR COMPANY, Atlanta, Georgia.

Mother's  
Friend

ment prepares the body for the strain upon it, and preserves the symmetry of form. Mother's Friend also obviates
